Zilara Power Team

Two established companies. One brand-new opportunity.

If you've ever looked at network marketing, you've probably seen the same pattern: a joining fee, a monthly minimum, and a long wait before anything happens. It's no wonder so many people walk away before they've even started.

Zilara was built to work differently. In 2026, two established companies, one founded in 2011 and one founded in 2017, merged into a single brand. That means you're looking at something genuinely new, built on foundations that have been around for years.

> 💡 **Key idea:** New brand, established foundations. You're early to a brand-new opportunity, not early to an untested company.

- ✅ **Established roots.** Two companies with histories going back to 2011 and 2017, now one brand.
- ✅ **Debt free.** The company carries no debt.
- ✅ **Global reach.** Available in 200+ countries, so you can share with friends and family wherever they live.
- ✅ **Free to start.** $0 to join and no monthly fees. More on that in the next section.

The big picture at a glance

Here's everything this guide covers on one page. Keep it handy as you read.

Free to join really means free

Most opportunities ask for money before you've even had a proper look around. Zilara doesn't. You can create a free account, explore everything, and decide for yourself, with nothing to pay.

- ✅ **$0 to join.** Creating your account costs nothing.
- ✅ **No associate fees.** No charge to become part of the business.
- ✅ **No monthly fees.** No subscription quietly coming out of your account.
- ✅ **No annual fees.** No renewal charge to keep your account active.

Customers can become consultants at no cost

You don't need to start as a business builder. Customers who enrol just one person become a consultant at no cost. Consultants receive 30% on customer orders, with no personal order required.

So whether you simply love the products or you want to build a team, there's a free path in.

> ⚠️ **Plain-English note:** "Free to join" means there's no cost to create your account. Buying products is always your choice. Earnings are not guaranteed and depend entirely on your own effort and activity.

How daily pay works

"Get paid daily" is about timing. Zilara pays commissions every day, instead of making you wait for a weekly or monthly pay cycle. When commissions are due, you don't sit around waiting for the end of the month to see them.

The hybrid plan: matrix + binary

Zilara uses a hybrid compensation plan that combines a matrix and a binary. Here's what makes it stand out:

- ✴️ **Commissions paid daily.** No waiting for a monthly payout cycle.
- ✴️ **No cap on binary pay.** There's no ceiling built into the binary side of the plan.
- ✴️ **Binary volume never flushes.** Your volume stays on your account.

What "never flushes" means

In many binary plans, unmatched volume on one side is wiped after a set period. You build it up, and then it's gone. With Zilara, binary volume never flushes, so the volume in your team keeps counting.

> 💡 **Key idea:** Daily pay describes how often commissions are paid, not how much anyone

> earns. It's a plan feature, not a promise.

The 7-day holding tank

When you create your free account, you aren't dropped into a random spot and left to it. Zilara has a 7-day holding tank, which gives your sponsor time to place you strategically within the team.

Here's how it works for you

1	**Create your free account** using Prakash's link. It costs nothing.
2	**You enter the 7-day holding tank.** No rush, no pressure, and you can look around.
3	**Prakash places you** within the Power Team, positioned with care.

> ★ **Why it matters:** Thoughtful placement means you join an active team with support around you, rather than starting out on your own.

The window is real: it's 7 days from when you join. The sooner you create your account, the sooner Prakash can plan your spot.

The 100 CV autoship: optional, but powerful

You never have to buy anything to hold a free account. But if you choose a 100 CV monthly autoship, you unlock the full set of Zilara perks:

- ★ **Star, rank and check-match bonuses** become available to you.
- ★ **A free product every month** from the Vault.
- ★ **10 × $25 gift cards per month** to share with friends and family so they can try the products.

Volume made simple

CV is the volume value of an order. Here's how order amounts convert:

Order amount	Volume (CV)
$30	25 CV
$60	50 CV
$115	**100 CV**

- ✓ **5% autoship discount** on your regular order.

✔ **Up to 30% back** in product rewards.

A nice touch: The monthly gift cards mean you can let people try the products for themselves, instead of trying to explain them.

Products you can feel good about sharing

An opportunity is only as good as the products behind it. Zilara's health and wellness range is made to standards you can talk about with confidence, as part of a healthy everyday routine.

- ✅ **Made in a GMP facility** in Cincinnati, Ohio.
- ✅ **Lot-code traceability since 2011.** Products can be traced back through production.
- ✅ **No synthetic vitamin isolates.**
- ✅ **No artificial colours, flavours, sweeteners or preservatives.**
- ✅ **No GMOs.**

> 💡 **Key idea:** When you're proud of what's in the bottle, sharing it feels natural rather than salesy.
